

Please follow the repertoire guidelines below for your recorded and live/on-campus auditions.

## Audition Recordings

- Recordings serve as a preliminary audition and determine whether an applicant will be invited to campus for a live audition.
- Applicants who live more than 200 miles from UNW and cannot make it to campus for a live audition may have their recording used in lieu of a live audition; however, the faculty reserve the right to require a live audition in August.
- Students may audition in more than one area (for example, piano and voice). Please submit a separate recording for each instrument/voice.
- Instrumentalists: the recording may be audio only, although video is preferred. Vocalists: the recording must be video.

## Strings

On your recording, include two scales (preferably three octaves) and two contrasting selections (one technical and one lyrical) from the list below. The selections may be two different compositions, two contrasting movements from a single composition, or a single composition containing both a technical and a lyrical section.

At the audition, students will be asked to perform two prepared works, sight read and play two scales. If you have any questions about appropriate literature, please consult your private teacher, school ensemble director, or Prof. David Kozamchak, Orchestra Director and String Coordinator at 651-631-5590 or [dkozamchak@unwsp.edu](mailto:dkozamchak@unwsp.edu).
