

## What can I do with a major in... **MUSIC EDUCATION**

The Music Education major is designed to prepare students to teach music in grades K-12 in private or public schools. Due to the number of credits required, the music education degree normally takes 4 1/2 years to complete. All students who plan to declare music as their major must submit a Music Audition Application and go through an audition process to be considered for acceptance into the music program.
